What is a Welt Fabric?

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt. Welt that is a different color than the color of the cushion fabric is called a "contrast" welt.

Adding a welt to a cushion is a custom process and may extend an order's lead time by 2 - 4 weeks. There may also be an additional charge for adding welt, which varies by manufacturer.

Optional Furniture Covers Furniture covers are a great way to keep your patio sets looking their bests and to make the quality construction of Forever Patio products last even longer. These covers are made from

weatherproof vinyl, which is vented to prevent moisture build-up and mildew. They also include tie strings to keep your cover in place. Protecting your patio set has never been simpler!
