Description

The Daccapo fountain's unique design is sure to captivate onlookers. Featuring a unique conical surface shape with a pleasing Sierra finish, water flows through the upside down tip. This fountain is sure to impress all.

The fountain is made of the highest grade fiber reinforced concrete (GFRC), which not only reduces weight but is also much more durable than standard cast stone. The artists behind the making of this fountain have simulated the natural texture of the stone to perfection. Installation is very simple and one can be sure to enjoy the beauty and serenity of this fountain with little effort.
