Short Description

Quad is our 4 arm pergola extension bracket, it allows you to connect 2 or more pergolas together for larger shaded space! Multiple Quint's and Quad 's can create expansive shade structures.

Description

The Double Hammock should be purchased with our Grid Double system. Made of Challenge Sailcloth, Rated to hold 500 lbs of static evenly distributed weight. Each corner is reinforced with 3 bands of webbing wrapped around a heavy-duty marine grade stainless steel O-ring. 4 marine grade turnbuckles included to secure the O-ring to the GRID hangers, which are installed by 8 screws to each wood post Warning Do not overload hammock or jump on hammock. Suggestion Please take hammock down when not in use. The Toja Grid offers a modern approach to style & design along with affordability, quick assembly, and quality craftsmanship *Key Note* 4x4 is a size reference. The most common wood is actually 3.5" x 3.5" with rounded edges. Some types have sharp edges or are a true 4"x4" and will not fit. Also note that fresh pressure treated wood or wet wood will be swollen, we advise installing with dry wood
