## Description

---

The Guellotin Floor Fountain featured in a natural chestnut finish is a beautiful stone fountain that adds serenity to any outdoor setting. Featuring a waterfall effect as the water cascades from the top of the fountain and into the lower basin, the tranquil water noises are sure to please all.

The fountain is made of the highest grade fiber reinforced concrete (GFRC), which not only reduces weight but is also much more durable than standard cast stone. The artists behind the making of this fountain have simulated the natural texture of the stone to perfection. Installation is very simple and one can be sure to enjoy the beauty and serenity of this fountain with little effort.
