Description

The Bell Outdoor Floor Fountain featured in a beautiful charcoal finish is smooth in design and provides delightful water noises. The water gurgles from the top of the fountain and cascades down the sides creating a glistening effect as it trickles off the edges and into the basin. This fountain is sure to enhance any outdoor setting.

The fountain is made of the highest grade fiber reinforced concrete (GFRC), which not only reduces weight but is also much more durable than standard cast stone. The artists behind the making of this fountain have simulated the natural texture of the stone to perfection. Installation is very simple and one can be sure to enjoy the beauty and serenity of this fountain with little effort.
