Description

The Spindle Floor Fountain has four levels of falling water with intricate basins designed to not only catch the falling water but to also catch the attention of its guests. The sophisticated dark ancient finish and the pleasant water noise is sure to please all and add tranquility to any outdoor setting.

The fountain is made of the highest grade fiber reinforced concrete (GFRC), which not only reduces weight but is also much more durable than standard cast stone. The artists behind the making of this fountain have simulated the natural texture of the stone to perfection. Installation is very simple and one can be sure to enjoy the beauty and serenity of this fountain with little effort.
