Description

The Bi-Level Jug Floor Fountain featured in a beautiful sierra finish is sure to compliment any outdoor setting. The planter on top is perfect for showcasing your favorite flowers. With rounded edges and cascading water as it fills up in the top basin and flows over the sides, the tranquil water noise from this fountain is sure to relax all.

The fountain is made of the highest grade fiber reinforced concrete (GFRC), which not only reduces weight but is also much more durable than standard cast stone. The artists behind the making of this fountain have simulated the natural texture of the stone to perfection. Installation is very simple and one can be sure to enjoy the beauty and serenity of this fountain with little effort.
